

International Institutions in DARS and Transferology

Transfer articulations for International schools are defined in the Institutional Reference Table and Transfer Articulation Table. Codes for international school Source ID's are defined and listed by CollegeSource. **These codes ("I" codes) are supported in Transferology.** Login to the CollegeSource Support Center for the list of Institutions and I Codes

<https://clients.collegesource.com/home/display/TFO/International+Schools+by+I+code>

New I codes must be requested from CollegeSource. You will be required to complete a School Request (see a guide how to do this at

<https://clients.collegesource.com/home/display/TFO/International+Codes+in+Transferology>).

You will need to enter the institution name, street address, city, and country. A good searchable database of Universities around the world is Universities Worldwide at <http://univ.cc/world.php>.

The screenshot shows the CollegeSource Support Center interface. The main content area displays a table titled "International Schools by I code". A callout box with the text "I code" points to the first column of the table. The table lists various international institutions with their corresponding I codes, names, street addresses, cities, and countries.

The Source ID in DARS is a four byte code, beginning with a capitol **I**.

The screenshot shows the DARS system interface for editing a Source ID. The "Source ID" field is set to "I005". A callout box points to the "I" and says "Note the letter I before the number". The "Name" field is set to "P.J. Community College" and the "Lyt" field is set to "9999 99". The "General" tab is selected, showing fields for "Report InstID" (PJCC), "Grade Case" (Upper), "Status", "SPEEDE", "InstIDQ" (ZZ), "Institution Type", "Default Master Reference Table", "InstID", and "InstCD".
