

Articulation Agreement Information Displayed in a Text Requirement

How do I notify students when a program has an articulation agreement with another college or university?

Add a text requirement to the articulated program providing pertinent information. The text requirement will display in the student's degree audit and in Transferology.

Encoding occurs in two places:

- Program
- Requirement

Program

Insert a requirement to display articulation agreement information. In the example below, the new requirement is "ARTXTHLTH". The text requirement will display in the student's audit and in Transferology.

Requirement Name	Grp 1	Grp 2	O R	O P	Sum. Group	Cross Link	Alt. Catalog	Sort Flag	Report Category	Extend	Calc Group	Calc Flag
1 HELPLINKS			<input type="checkbox"/>	<input checked="" type="checkbox"/>								
2 REMEDIAL	*	*	<input type="checkbox"/>	<input checked="" type="checkbox"/>				M				
3 RES			<input type="checkbox"/>	<input type="checkbox"/>				A		L		
4 HLTH SCI		A	<input type="checkbox"/>	<input type="checkbox"/>				B	P			
5 HLTSPRELE		A	<input type="checkbox"/>	<input type="checkbox"/>				E				
6 ARTXTHLTH			<input type="checkbox"/>	<input type="checkbox"/>								
7 40CHECK1			<input type="checkbox"/>	<input type="checkbox"/>								
8 GRADTEXT1			<input type="checkbox"/>	<input type="checkbox"/>				G				

Suggestion: For maintenance purposes, we recommend using the requirement naming convention as follows: "ARTXT" followed by the program abbreviation. Using this will ease in finding the text requirements when updating is necessary.

Requirement

1. The Requirement Type is “T – Text”.

The screenshot shows a web-based form for editing a requirement. The requirement name is ARTXTHLTH, FYT is 2012 3, and LYT is 9999 99. The Requirement Type is set to 'T - Text' in a dropdown menu, which is highlighted with a blue box. Other fields include Title, Web Title, Pseudo Name, and Last Modified. Below the form are tabs for Common, Reporting, Reference/Other, Text, Limits (X-line), and Used By. The 'Text' tab is active, showing Completion Rules (Required Sub-req's, Hours, GPA, Count, Maximum Hours) and Matching Rules (Course Condition Codes, Conditional Requirement).

2. Set the requirement Completion Status to “ ‘-‘ Suppress completion status”.

The screenshot shows the same requirement form, but with the 'Text' tab selected. The 'Completion Status' dropdown menu is highlighted with a red box and set to '‘-‘ Suppress completion status'. The 'No List' section contains various options for how the requirement should be displayed or suppressed. Other fields like Title, Web Title, Pseudo Name, and Last Modified are visible.

Text

Add articulation agreement information on the Text Header tab.

	Header	OK	No
1			
2	There is an articulation agreement between Anoka Ramsey		
3	College's Associate in Science Health Science (Broad field)		
4	and a baccalaureate program at the following universities:		
5			
6	Bemidji SU, Metropolitan SU, MSU Mankato, MSU Moorhead,		
7	St. Cloud SU, and Winona SU.		
8			
9	***** Contact your program advisor for information *****		
10	concerning the Statewide Health Sciences Broad Field		
11	A.S. degree Transfer Agreement.		
12	The Statewide Health Sciences Broad Field Transfer Agreement		
13	is effective until the end date of Dec. 31, 2016.		
14			

The text should include:

1. Name of college or university where the completed program will articulate.
2. Contact information for students.
3. End date of agreement.

The following are examples of text used in:

A.S. program to B.A. program articulation agreement

```
There is an articulation agreement between Anoka Ramsey  
Community College's Biomedical Technologist AS and  
Metropolitan State University's Technical Communication BA  
  
***** Contact your program advisor for information *****  
concerning this articulation agreement.  
This agreement is effective until the end date of Sept. 1, 2016.
```

Broad field articulation agreement

There is an articulation agreement between Anoka Ramsey College's Associate in Science Health Science (Broad field) and a baccalaureate program at the following universities:

Bemidji SU, Metropolitan SU, MSU Mankato, MSU Moorhead, St. Cloud SU, and Winona SU.

***** Contact your program advisor for information *****
concerning the Statewide Health Sciences Broad Field
A.S. degree Transfer Agreement.

The Statewide Health Sciences Broad Field Transfer Agreement
is effective until the end date of Dec. 31, 2016.

Revised: 2/1/2017
